Closure of LIR and deregistration of Internet number resources

Please note that, for the purposes of this document, LIRs are referred to as "Contributors".

Section A of this document describes the valid reasons for terminating the RIPE NCC Standard Service Agreement that can lead to the closure of a Contributor, the procedure that applies in each circumstance and the consequences.

Section B describes the valid reasons for deregistration of Internet number resources and the procedure that applies in each circumstance.

Table of Contents

A. Closure of LIR – Termination of the RIPE NCC Standard Service Agreement
